

I am writting in concern about the posibility of the displacing of K-LOVE by LPFM broadcasting. K-LOVE is a service to our community by providing encouragement and information like no other station does. IF K-LOVE is displaced, it would be a severe diservice to our community and hundreds of others across the country, a severe loss to us. K-LOVE provides a positive influence to the public and is in it's best interest to have this service continue broadcasting as is. Thank you.
